

## Image and Data Analyst (Full time – San Diego - CA)

Nanolmaging Services, Inc. (NIS) is an industry leader providing structural analysis and characterization of biopharmaceuticals using electron microscopy and advanced image processing. We are seeking a highly motivated and detail-oriented image and data analyst interested in a dynamic commercial environment to join our talented team in San Diego, California.

### Responsibilities include, but are not limited to:

- Evaluation and interpretation of images of samples acquired using electron microscopy
- Conducting detailed analyses of images to describe structural characteristics of samples
- Writing comprehensive reports detailing the findings from image analysis and processing
- Reviewing scientific literature on samples to aid analyses and understanding of projects
- Coordinating with the scientific team to ensure efficient progress toward client goals
- Communicating with clients about ongoing analyses and results from the projects

### A successful candidate must have the following qualifications:

- A Bachelor's degree in Biology, Biochemistry, Biophysics, Bioengineering, or a related area of the life sciences. An equivalent combination of education and experience will also be considered.
- Excellent and demonstrable scientific writing and verbal communication skills in English
- At least six months of job experience that includes image analysis and/or scientific writing
- Interest in image analysis and characterization of a wide variety of nanoparticles
- Ability to maintain rigorous attention to detail and exceptional organizational skills, while priorities and workloads are dynamically shifting
- Demonstrated analytical and independent problem-solving abilities
- User level knowledge of Mac OS X; experience with Unix/Linux is a plus
- Self-motivated and able to work in a fast-paced, team-oriented environment

NIS is a growing company where you can become a part of a close-knit team with opportunities to advance and develop professionally. Interested individuals are encouraged to send a resume, with a cover letter, containing information on their education, employment history, a minimum of three references, and any other relevant achievements related to the above skills to [recruiting@nimgs.com](mailto:recruiting@nimgs.com).
